EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Frank Marino on 06/11/04.

The application has been amended as follows:

In claim 1, line 3, the word "wings" has been deleted.

In claim 1, line 6, after the word "adjustable" the phrase -- independent of said frontal appendages -- has been inserted.

The following is an examiner's statement of reasons for allowance: The prior teaches in the figures most of the elements of the claimed invention; however, the prior art fails to teach the "one or more rear appendages being adjustable independent of said frontal appendages to control both the toy's propulsion speed and direction in the water".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
